ROPE CLIMBERS

Ascend & Soar

Fun and challenging, our Ascend Rope Climbers bring adventure to any playground. With durable ropes and steel frames, they'll keep children moving while developing strength, coordination, and confidence.

Two Ways to Play

We offer two climbing options: freestanding net climbers or whole net play systems.

Soft, Durable Rope

Our 20mm rope is made from six galvanized steel reinforced cables weaved around a core. Nylon cable coating and UV protectants are added to ensure they are soft to the touch and resistant to fading, wearing, and fraying.

Custom Rope Playground

Customizing a rope playground allows you to add something unique to your community.

You could customize an existing Ascend climber or even combine it with a play structure to offer an exciting play experience. Customization is also great for landscape architects to create site-specific structures that are iconic to the community. To start the customization process, contact your local representative at srpplayground.com/find-a-rep.

Play-Centered Design Benefits

Adds Visual Interest and Height

Our Ascend Rope Climbers are dynamic and sculptural. They are designed to draw the eye up while creating a more engaging skyline and visual balance to the playground.

Creates an Open, Airy Feel

The open design of our Ascend Rope Climbers allows for great visibility and can make a playground feel larger, lighter, and more welcoming.

Offers Modern, Artistic Appeal

The modern look of our Ascend Rope Climbers adds an architectural statement to any play space. With clean lines, geometric shapes, and color customization, our climbers create a stylish, modern look.

Create Balanced Play Spaces

Promote Physical Strength and Coordination

Rope-based structures encourage climbing, balancing, and pulling—activities that help develop upper body strength, core stability, and overall coordination.

Encourages Risk-Taking in a Safe Environment

Our Ascend Rope Climbers add the right amount of challenge that helps children test their limits and build confidence on the playground.

Supports Social Interaction and Teamwork

Our Ascend Rope Climbers promote cooperation, turn-taking, and communication among children as they explore the equipment together.
