

USER GROUP: 5-12 Years, Adult
RECOMMENDED CREW: 1 Person

TOOLS REQUIRED:

- Anchor Bolts and Nuts (Not Included)
- Level, Square
- Drill Bits: Per Anchors

INSTALLATION TIME: 1 Hour

WEIGHT: 56 lbs.

CONCRETE REQUIRED: None

PRE-INSTALLATION CHECK:

Customer is responsible for verifying materials received by comparing received items with packing list. If any parts are missing or damaged, contact your local sales representative immediately.

Supplier is not responsible for items discovered missing after 72 hours from time of delivery.

Before beginning installation, all installers must read and understand the Installation Introduction manual as supplied. If you did not receive a copy, or if you have any questions regarding any information in the Installation Instructions or this Installation Guideline, contact your local sales representative.

STEP 1

Place assembly into final position. Mark four (4) anchor bolt locations through pre-drilled holes in assembly. Holes are 5/8" diameter. Installer must determine proper style, size, and length of anchor bolts based upon site conditions. Installer must supply anchor bolts and hardware to anchor assembly. Install anchor bolts per manufacturer's instructions. Place assembly over anchor bolts and secure. Installation is complete.
