

Hex Net Climber

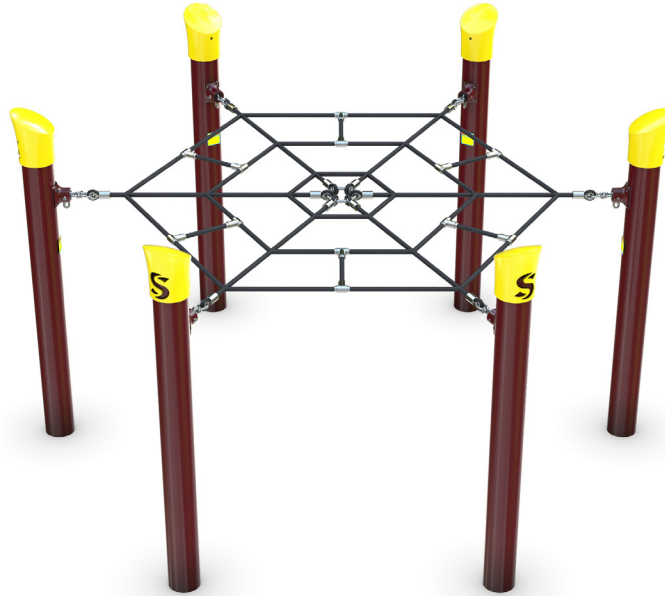

EFRO101XX

Age Range: 5-12

Dimensions: 96" x 83 1/8"

Use Zone: 20' x 19'

Height: 3'

DESCRIPTION

Children will love climbing on, through, under, and over our horizontal Hex Net Climber. This piece of freestanding playground equipment provides opportunities to challenge a child's motor planning, coordination, and agility. Made of durable, powder coated steel and easy-to-grip six-strand steel core rope, this freestanding climber is a suitable piece of playground equipment for parks and recreation centers and schools. Choose from a large selection of powder coat colors to customize the look of your climber and match the sleek, black netting.
