

All of Your Recreation Needs in One Stop

PLAYGROUNDS & SITE AMENITIES

COMMERCIAL PLAYGROUNDS AND PARTS

Fun for All, All for Fun

At KORKAT, we never forget our ultimate customer – the kids. We strive to produce commercial playground equipment that is amusing, sturdy, safe and challenging for children. These playgrounds are tested to withstand anything from little toddlers to adults (all kids at heart). Our playground tools inspire an array of energetic, inventive, and supportive play. Best of all, we will help you generate an entirely personalized playground plan that is uniquely yours.

BLEACHERS

Root, Root, Root for the Home Team

One of the necessities of a great looking and fan-friendly baseball field is superior quality bleachers. The bleachers KORKAT provides are the top of the line and can be enjoyed for years. There are many different options ranging from 4-row portable bleachers to professional stadium grandstands. All of our bleachers can be customized to best suite your area for any ADA access needs or adding to existing concrete bleachers.

SHADE STRUCTURES

Made in the Shade

When it's time to take to the shade, KORKAT's sail canopy designs are the solution. We can custom design shade canopies to fit almost any situation or odd shaped location.

Shade canopies can also put the visual finishing touch on any park, playground or project. And our designs will conform to your post location restrictions.

The advantages of sail shades are unique in that our fabrics come in an array of fun colors. In addition, our products are built to withstand the changing seasons.

KORKAT's traditional shades offer a wide variety of sizes, heights, colors and fabrics. And whenever a harsh storm requires temporary removal of the canopies, our quick release fasteners make it easy with just a few turns of a wrench.

Like the sail shades, the fabrics for the traditional shades come in a wide variety of colors.

All of our shades provide up to 99% protection from dangerous ultraviolet radiation.

SITE AMENITIES

Take a Break

KORKAT's tables, benches and water fountains are engineered tough to withstand long-term use in the outdoors. They are state-of-the-art design and some of the most luxurious outdoor fixtures accessible anywhere. Sturdy but attractive, we also offer shelter combos, receptacles and bike racks.

METAL SHELTERS

Take Cover

No recreational area is complete without a shelter or pavilion. It's practical, functional and adds great benefit to any playground, park or outdoor area.

KORKAT shelters and kiosks dramatically reduce maintenance costs, are easily installed and can be designed for severe conditions.

The shelters are painted in a factory-controlled environment to ensure a quality appearance. They come standard with an anti-graffiti powder coat paint.

However, in the event graffiti hits you, clean-up is easy with our special graffiti cleaner.

KORKAT shelters are manufactured from premium quality components including extruded (not rolled) fascia and ridge caps that insure straight-uniform lines, Galvalume steel roof panels with a 20.5 year warranty against rust; and stainless or galvanized fasteners that eliminate stains. We even manufacture our own roof panels!

DOG PARKS

Ours Are Fetching

Your four-legged kids need exercise too. With our wide variety of playground equipment just for dogs, you can transform an empty field or meadow into a unique play space that engages a dog's mind and body.

Dog parks give your pets places of their own to socialize and exercise safely in the way they love best – off-leash.

PLAYGROUNDS & SITE AMENITIES

SKY SPAN Covered Rain or Shine

Our aesthetically pleasing commercial umbrella systems can easily turn an open area into a shaded and 100% waterproof area. We bring together solutions like Retractable Umbrella System's and other small non-standard structures to suit clients shade requirements. KORKAT is fully equipped to meet any shade solution needs that you may require.

WATERSLIDES Downhill Fun

Forget the standard playground slide; if you want to foster true adventure for kids and families, it's all about the waterslide. Of course, we can wow you with the fact that our slides have accurate radius and splash factor, but what you really need to know is that the right waterslide can spell big turnout and major fun for visitors.

Far and beyond ordinary playground slides, KORKAT water slides provide more speed due to the water, which increases the No. 1 goal for kids – the thrill!

WATER PLAY One Fluid Motion

Our extensive collection of water play equipment is at the top of the list in quality, while never missing a beat in creative design.

Loaded with events and activities that encourage children of all ages and abilities to develop their minds and their bodies, we have a broad selection of high-quality water play equipment designed to create a thought-provoking recreational area. These products are top quality, safe and accessible to all children. We have everything from in-ground sprays, aquapets, structural units and interactive play stations.

INDOOR PLAYGROUNDS AND PARTS No One Rains Out this Game

No longer does a rainy or snowy day mean the kids cannot live out their superhero adventures.

Rain or shine, an indoor playground never hampers the fun.

We will help you create your own design with KORKAT's large part selection. A custom design is limited only by your imagination, as the options for contained playgrounds are endless.

PLAYGROUNDS & SITE AMENITIES

SPORTS EQUIPMENT Get Your Game On

Whether it's hitting homeruns or making fantastic hoop shots, KORKAT provides the sports equipment to play the game. We supply a variety of equipment for the accomplished competitor or the budding athlete.

SKATE PARKS Enter the 21st Century

State parks are the ideal community destinations for skateboarding. At KORKAT, our promise is simple: we will help you to build a top quality recreational area within your park that will be a tremendous addition for your community.

We utilize an array of professional skaters and industry experts to ensure optimum safety, fun, durability, expandability, and aesthetic appeal.

Each component is designed to work in tandem, allowing simple layout adjustments for optimum flow. Our modular approach means total flexibility for updates and additions. Our sample layouts are designed for small, medium and large skate areas, each with its own dynamic lines.

It's obvious that KORKAT founder Shane Lanier loves to see kids having fun. As if his long-standing career in the design and selling of playground equipment were not enough of a testimony to the fact, the KORKAT name was actually inspired by his daughters, Korin and Katie.

KORKAT a company of individuals who still value relationships with customers regardless of project size. If it's important to you, it's important to us. We want your experience with us to be something worthy of your recommendation.

From helping select the pieces that are right for your preference, location and budget all the way to the time of installation, KORKAT will be with you as a competent advisor and trusted partner.

From design to set up and even future service of your recreation equipment, KORKAT doesn't disappear after the sale. Our team has all the necessary licensing and safety certification to maintain your equipment whenever you need it.

In short, it is a turnkey operation – KORKAT style.

Founded in 2003, KORKAT's success is reflected in three primary commitments:

- To provide remarkable customer service.
- To be a reliable and accurate consultant on any recreation endeavor you undertake.
- To offer the highest safety standards in the industry.
