

Finn™

The Finn™ Bike Rack is an artistic and modern twist on the traditional inverted U bike rack. Its sleek design allows the bike to have two contact points to maximize security. Each Finn™ Rack parks two bikes. The Finn™ rack is available with Galvanized, Powder Coated, or Stainless Steel finishes.

Item #: FIN - 2 - _____ - _____
MOUNT FINISH

Galvanized

Withstanding the elements with little to no maintenance, our galvanized products are durable and weather to a battleship grey. For this finish, the product will have vent holes that will allow draining after a hot-dip in the molten zinc tank. A galvanized product is an economical choice that resists rust. This finish comes with a 5-year warranty.

Stainless Steel

Crafted from stainless steel and polished to a rich, Satin #4 finish, these racks are a highly durable and attractive option that will last through decades of use. As one of our more resilient finishes, Stainless Steel is perfect for products used in salty ocean air and other tough environmental conditions. Products come with a 5-year warranty.

Super TGIC Powder Coat

Available in 18 vibrant shades, super TGIC coated products will stain significantly less from UV light than other finishes. This finish has a 1-year warranty.

Note: Due to variations in the printing process, colors shown may not be an exact match. Please request color samples from Madrax for accurate color comparisons.
